“Recognizing Service and the Opportunity to Serve”

DELTA PRINCE EDWARD HOTEL,
CHARLOTTETOWN, PEI
AUGUST 23–24, 2018

International College of Dentists
Convocation and Annual Meeting
REPORT OF THE REGISTRAR

Since this, my eighth report as Registrar of the Canadian Section, is being written on January 4, 2018, please accept my best wishes for health and happiness in 2018.

2017 was the second year of important updates to our Constitution and Bylaws. In response to direction from the Board of Regents and recommendations of the Strategic Planning Committee, amendments were developed to further update the format of the Constitution and Bylaws; reflect current practices and create opportunities to improve the function and administration of our Section and Board. More specifically, the changes align the establishment of committees with the preferred practices of the Board; support an issues-based agenda for Board meetings; allow for the development of policies and procedures and further revision of the Constitution and Bylaws. We are fortunate to have Fellow Marcel VanWoensel, a graduate lawyer and dentist, as the Chair of our Constitution and Bylaws Committee.

The Class of 2017 (listed under “Membership Changes”) was the second largest class of New Fellows to be inducted into the Canadian Section. Fifty-four Candidates for Fellowship have accepted their invitations and will be inducted on August 24, 2018 in Charlottetown, PEI.

The Credentials Committee recommended and the Board of Regents approved the granting of 13 Life Fellows as listed under “Membership Changes”.

As of December 31, 2017, the total membership of the Canadian Section was 726: 478 Active Fellows, 233 Life Fellows, five Master Fellows and ten Honorary Fellows.

Once again, the Board approved the granting of ten student awards of $1000 each plus a plaqued certificate to each award winner in the ten Faculties of Dentistry in Canada.

The generosity of our Fellows in making donations to fund the humanitarian projects supported by the W.J. Spence ICD Memorial Foundation is evidenced by the fact that the Board of Regents approved the Recommendations of the Board of Directors of the Foundation for the granting of $39,237 to five worthy humanitarian projects.

Thank you for the honour and privilege of serving as Registrar of the Canadian Section. Your support has been, and will continue to be appreciated.

Respectfully submitted,

Life Fellow Bob Baker
Registrar
The 2017 Annual Meeting of the Canadian Section was held in Toronto, ON, on May 5 and 6 in conjunction with the Ontario Dental Association’s 150th Annual Spring Meeting.

We were pleased to have Secretary General John Hinterman in attendance as an international representative for the orientation, business meetings and Convocation Banquet.

Our first day involved an orientation session for our 48 new inductees highlighted by an engaging presentation by Past International President Garry Lunn. He reviewed the history of ICD and the growing worldwide organization it has become. He then reinforced how the future was in the hands of all new inductees and welcomed their participation in the organization. All new inductees were encouraged to continue with the dedication to the profession and society at large which brought them to Fellowship recognition.

Dr Ian Doyle presided over a successful business meeting. A number of new initiatives to bring value to the membership and enhance the visibility and effectiveness to ICD were discussed and acted upon at the meeting.

Canada covers a lot of geography. In an effort to reach out to the more isolated areas of the Section, some districts have added additional Deputy Regents. In addition, the Executive of the Board and various committee members have initiated various Zoom technology meetings. We have found large distances and time zones can be closed with this technology, bringing members closer together not only to discuss business matters but also in fellowship. It is a technology we would encourage other sections to consider.

In addition to the induction ceremony at the Convocation Banquet other significant awards were presented. Congratulations to Mr Claude Paul Boivin, Executive Director of the Canadian Dental Association for receiving an Honorary Fellowship. Congratulations to Fellow Dr John O’Keefe who was presented with the Presidential Citation for his commitment as Director of Knowledge Networks at the Canadian Dental Association (see page 14). I am also pleased to report that a much deserved Master Fellowship was bestowed on Life Fellow Bob Baker who has served as a long time Registrar of the Canadian Section.

Congratulations to the new officers: President-Elect Patti Grassick, Vice-President Drew Smith, Deputy Regent Brian Barrett in District 7, Regent Peter DeGiacomo and Deputy Regents Lisa Bentley and Paul Romanson in District 5, Deputy Regents David Ciriani, Peter Lobb and Anne Starr in District 1, and International Councilor Ian Doyle.

I would like to thank Fellow Ken Skinner who has completed his term as Past President. Ken has spent many hours on the tough subject of Constitution and By-laws under the guidance of Fellow Marcel Van Woensel.

Fellow Ian Doyle now steps into the Past President’s role and I would like to particularly thank Ian for bringing us all closer together and well informed through his initiated regular Zoom technology meetings.

A special thank you to Donna Brode as she completes her term as International Councilor and Peter DeGiacomo who has served and completed his position as Chair of the Strategic Planning Committee. Lisa Bentley is the new Chair of the Strategic Planning Committee.

With continued dedication from our Registrar, Master Fellow Bob Baker, our Treasurer, Life Fellow Allan Baker, Editor and Website Manager Life Fellow Brian Clark and our Regents and Deputy Regents and other officers, Section 2 looks forward to another successful year which culminates with our next meeting in Charlotte-town, PEI on August 23–24, 2018. This will be held in conjunction with the Annual Canadian Dental Association meeting.

We hope to see you there!

Respectfully submitted,
Cliff H. Swanlund
President
In June 2017, the Semiahmoo Dental Outreach (SDO) team, for the first time, ventured to the city of Kakamega in the Western Province of Kenya. SDO teamed up with the NGO ACCES (African Canadian Continuing Education Society) that has been working in Kakamega for 22 years. We set up our mobile clinic in Ihonje Primary School in a remote outlying area in Mumias sub-county of Kakamega County, in the heart of sugar cane country. For this trip our SDO team from Vancouver was comprised of nine dentists, five of whom are ICD Fellows, two soon to be ICD Fellows, five 3rd year UBC Dental Students, three dental hygienists and support people for a total team of 23. In our five-day dental clinic we treated 532 children. All services performed included 485 extractions, 156 teeth restored, 102 teeth treated with Silver Diamine Fluoride, 70 fluoride varnish treatments and 14 sealants. In our secondary clinic we did 650 fluoride varnish treatments, 800 children/adults were given OHI and nutritional advice, 500 toothbrushes given out and the local Community Health workers instructed 200 on the use of chewstick brushing.

The local team aided in translation, managed the long lineups of children and provided the preventative aspects of care including fluoride varnish and OHI for almost all the patients. The local team along with two SDO team members set up a clinic in another room in the school that specifically focused on fluoride treatment, oral hygiene instruction and nutritional advice. It was a true team effort.

We felt the clinic was exceedingly successful in improving the dental health of the children in this very impoverished area of Kenya.

As I have explained in previous reports, Ken and I have come to the realization that there has to be more to these outreach trips than simply setting up a one-time clinic, treating 550 children and then leaving. We realize that lasting and permanent change for these impoverished people lies in both our immediate clinical skills in reducing pain and morbidity, but more importantly, in education. To this end, we are spending significant time on our trips trying to ramp up the education and prevention component. This tied in perfectly when the SDO teamed up with ACCES as they are all about education; that is their mission statement. We were in fact the first medical/dental team to work with them. Both SDO and ACCES believe the concept of educating the populace will have lasting effects long after we leave as the population has absolutely no knowledge of prevention of dental disease. Of the 550 children that we treated, ages ranging from 5 to 16, not a single child had seen a dentist. The ramifications are enormous, as these children that are in constant dental pain miss a tremendous amount of schooling because of their dental issues. Even when they attend, the pain they are in from chronic abscesses seriously detracts from them moving forward with their education. It is a serious problem with long term social implications. On this trip we devoted part of...
The Semiahmoo Dental Outreach (SDO) team completed its eighth annual dental clinic in Siquijor, Philippines, on December 1, 2017. Our goals were to continue to treat as many school children as possible, and to promote prevention of dental disease on the island of Siquijor (an island of about 100,000 people, with a very low average income), building on our previous work there. We have committed to return in November 2018.

THE TEAM AND ITS LOCAL COUNTER-PARTS The 2017 team of 28 included seven dentists (Ken Stones, Murray Bohn, Joan Eaton, Janis Boyd, Warren Ennis, Gabor Balogh and one oral surgeon, Kulminder Bahi), and several hygienists, chairside dental assistants and additional volunteers. All personal expenses, including travel, accommodation, and meals were paid by team members themselves.

The Siquijor Rotary Club makes a huge difference in enabling us to concentrate on the clinical and prevention work. They welcomed us back this year, and helped us build on our work from 2010 to 2016. They had everything in place upon our arrival. They provided on average 20 volunteers each day, transported children to and from the clinic, arranged to have lunch provided for us each working day, and took care of any needs as they arose.

In previous years, we have taken a group of nursing students to teach prevention at the schools, and a sex education team doing presentations at the high schools and colleges. This year the Siquijor department of education has hired additional staff to take on these instruction programs themselves, following our models. We see this as a very positive step on their part!

THE CLINIC The team arrived on site Saturday November 18th (after almost 24 hours of travel), with 19 dental bags in addition to personal luggage. We assembled six units in the clinic, and an additional two units in the Siquijor dental bus. This gave us seven dentist work stations and one sealant unit. The bus was sent out to a small village in the hills, Cang Asa, where we treated over 150 students. We rotated a team of five on the bus everyday.

Over the ten days in the two locations we treated over eight hundred children from three schools, restored over 1250 teeth, and extracted many teeth that were beyond saving. We also applied fluoride varnish to every patient, and with the sealant team of Ideh and Glenda, were able to do almost 1800 sealants! The oral surgeon was also able to see many adults during our clinic, extracting almost 600 teeth.

We owe the clinic’s extreme success to many participants, especially the team members whose dedication and enthusiasm made it happen and a cadre of dedicated local volunteers and Siquijor Rotarians. The success of the trip was bolstered by the crucial support of the ICD, whose donations were used to purchase supplies and equipment. We also received some donations from individual members of the South Surrey community specifically given to support the work of the Siquijor Rotary Club in their community projects on Siquijor.

PREVENTION Over the years, we have made an effort to set in motion prevention measures that will be ongoing after we leave. Our influence in Solangon has led to several meetings between officials there and owner/operators of corner stores that sell large amounts of inexpensive candy and pop to the children with devastating results. At the meetings, vendors have been encouraged to look into alternative snacks that are more nutritious and less damaging. This has met with limited success. Dental education of the shop keepers is badly needed as we noticed their children were amongst the worst of the rampant caries patients we saw.

Some progress is being made. Less sugary snacks are being offered by vendors now. And, in early 2015, the school superintendent banned the selling of “junk food” in all 84 school canteens.

This year we again saw significant gains in the children’s dental health, but only in the schools that have a prevention program in place. About half of students in Solangon Elementary School are now caries free. In 2010 and 2011, fewer than ten students of the 250 pupils were caries free. Solangon School is a successful working model of what can be achieved, and we need the other schools to follow suit. To this end, we met with the principals of Cang Asa and Cang Al Wang Schools to urge them to adopt a similar prevention program. As the Solangon School has demonstrated, it can be done!
Siquijor is a small province with a small bureaucracy, so the possibility of change is very real. My hope is that there will be changes made following the example of Solangon School. The principal who implemented the improvement in that school, Josephine Sevillano, has been moved to another school and is now attempting to achieve the same transformation at Tambisan School.

Awareness about sugar and dental health is also spreading on the Island. Information is gradually filtering to the population.

**PERMANENT DENTAL CLINIC**  With donations from the Semiahmoo and White Rock Peace Arch Rotary Clubs, and a private donor, Mrs. Florence Wall of White Rock, we were able to fund construction and equipment for a permanent dental clinic on the grounds of Siquijor’s largest elementary school. The clinic opened in 2015. This is apparently the only clinic in the Philippines offering free dental care to school children. It is set up for volunteer foreign dentists to work in, and there are German dentists who visit the clinic regularly. This will greatly increase the treatment available for the children of Siquijor.

**OTHER PROJECTS**  Many regularly returning team members have established relationships with children and families where we work resulting in education assistance for dozens of students. Others have donated money for some infrastructure improvements and still others are supporting a nutrition program. Thus, we are making a difference for the Siquijor residents on many fronts.

Respectfully submitted,

Ken Stones,
Semiahmoo Dental Outreach

**VILLAGE OF HOPE, ZIMBABWE**

Prior to discussing details of the project, I would like to inform you that in the history of Zimbabwe, both pre- and post-independence (1980), there has never been an international dental mission trip to work in the country. Our convoy was the first ever to embark on such a mission—a monumental feat to hopefully pave the way for future dental mission trips to Zimbabwe, highlighting the need to address the urgent need for oral health care and education in Southern Africa.

An additional highlight was that we were able to connect with dentists in Zimbabwe by holding a dental lecture and seminar — covering topics from innovations in implant dentistry, dentures, management of the fearful patient, sterilization and disinfection. Through this open forum we were able to inform the local dental practitioners on our findings at working at the orphanage and the high caries rate in the younger population screened.

Collaborative relations were formed with dental representatives in the public and private sector: Dr. Mandy Sibanda-Dlamini, Director of Oral Health Services, Ministry of Heath and Childcare Zimbabwe and Dr. Lovemore Mahachi, Zimbabwe Dental Association president. Both Drs. Sibanda-Dlamini and Mahachi fully supported our mission and are currently partnering to highlight the urgent need for dental education and oral health care to schools and orphanages in Zimbabwe.

Zimbabwe has 1.3 million orphans as a result of HIV/AIDS. The Villages of Hope (VOH)-Zimbabwe is one childrens’ home in Zimbabwe. The home located in the capital city, Harare opened in 2001 housing a total of 72 orphans in nine homes and three transitional youth homes. Adding value to the community, on site there is a preschool, junior school and high school. A total of 300 children attend the school and 290 local children benefit from the feeding program provided by VOH-Zimbabwe.

The purpose of our trip was five-fold:
1. Establish a dental centre at the VOH-Zimbabwe;
2. Screen and provide dental treatment to the children of VOH-Zimbabwe and local community;
3. Educate children and community;
4. Connect with local dentists/Ministry of Health Zimbabwe highlighting awareness of Oral Health in Zimbabwe;
5. Continue to foster relationship with the Faculty of Dentistry, University of Zimbabwe & College of Dentistry, University of Manitoba.

Given that I am both Zimbabwean and Canadian, this mission has been particularly significant and is one that is close to my heart. I am touched by all the support, donations, and good wishes displayed by the dental community in Winnipeg, MB.

Respectfully submitted,

Huma Rohan
The 2017 International Council Meeting was held on November 11–12 in Taipei, Taiwan.

Representatives from Section II Canada were Dr. Jack McLister, Dr. Ian Doyle and Dr. Donna Brode.

International President Dr. Rajesh Chandra opened and officiated the meeting. Treasurer Dr. Richard Smith reported that we are in positive financial situation and no increase in dues is forecast until at least 2019.

The Centennial for the College is in Nagoya, Japan, November 11–12, 2020, and plans are underway for its celebration. Pope Francis will bless the Centennial Celebration on September 26, 2018.

International Council Projects include our Global Visionary Fund and its humanitarian endeavours around the world, Dental Safety and Infection Control Symposiums and its Get Smart About Antibiotics program.

Succession planning for the next Secretary General was discussed and the concept of a Secretary General remote from the College General was discussed and the concept of a Secretary General remote from the College Office in contrast to what it is now. The College has nearly 12,000 members in 122+ countries.

There will now be a Communication Liaison in each section who will work with the Chair of the Communications Committee to improve dissemination of information to all members.

Dr. McLister and his Constitution Committee have been tasked with updating and modernizing the ICD Constitution and By-Laws, hopefully by November 2018. Dr. Donna Brode presented an update on worldwide ICD projects via an interactive world map showing humanitarian projects by address of where they occur; project titles, description; type; project contact person and information; zoom controls and hyperlinks. This was an incredible effort and much appreciation is owed to Dr. Brode. Her term as International Councilor has ended and she was presented with the much deserved ICD Meritorious Service Award.

Dr. McLister was elected to the 2018 Nominations Committee.

The next International Council meeting is in New York, NY on November 26–27 2018. The 2019 meeting will be in Milan, Italy.

The new Executive Committee is as follows:
- Clive Ross (President)
- Bettie McKaig (President Elect)
- Akira Senda (Vice President)
- Richard Smith (Treasurer)
- Dov Sydney (Editor)
- David Thomson (Speaker of the Council)

Respectfully Submitted,
Dr. Jack McLister
International Councillor,
Canadian Section

The William J. Spence ICD Memorial Foundation

One may say that the “Spence ICD Foundation” has had a very active year. Funds for dental supplies and materials were dispensed to five registered charities and a sixth (that was delayed in 2016) was implemented with equal success. The Fellows and allied contributors who have donated the charitable funds to our FOUNDATION are to be congratulated for their interests in sponsoring these humanitarian dental missions, abroad and at home.

The real benefactors of your contributions have been the children and disadvantaged adults in remote areas who receive dental treatment, as those directed by Fellow Ken Stones of the Semiahmoo Charity in the village of San Juan for the 7th year, and who has had success in reducing the caries incidence in school children in the Philippines. Fellow Les Ennis, also with Semiahmoo and the African Canadian Continuing Education Society has started into a new site in Kakamega, Kenya. Dr. P. Patel of Health Outreach Charity is also co-sponsored by the Pierre Fauchard Society in an ambitious project in the poor regions of Guatemala, last February 2017.

There you will read about such missions as those directed by Fellow Ken Stones of the Semiahmoo Charity in the village of San Juan for the 7th year, and who has had success in reducing the caries incidence in school children in the Philippines. Fellow Les Ennis, also with Semiahmoo and the African Canadian Continuing Education Society has started into a new site in Kakamega, Kenya. Dr. P. Patel of Health Outreach Charity is also co-sponsored by the Pierre Fauchard Society in an ambitious project for the Rio Dulce children in the poor regions of Guatemala, last February 2017.

Fellows of District 2 ICD can read some of the submitted reports about the above noted humanitarian dental missions, which they help to sponsor. The College’s website can be found at: http://icd-canada.org and scroll down to find the latest news and past reports.

There will now be a Communication Liaison in each section who will work with the Chair of the Communications Committee to improve dissemination of information to all members.

Donna Brode

There you will read about such missions as those directed by Fellow Ken Stones of the Semiahmoo Charity in the village of San Juan for the 7th year, and who has had success in reducing the caries incidence in school children in the Philippines. Fellow Les Ennis, also with Semiahmoo and the African Canadian Continuing Education Society has started into a new site in Kakamega, Kenya. Dr. P. Patel of Health Outreach Charity is also co-sponsored by the Pierre Fauchard Society in an ambitious project for the Rio Dulce children in the poor regions of Guatemala, last February 2017.

Closer to home, we hear about Fellow Tom Harle of PODS in Ottawa, who has a project underway with St. Mary’s Home for the benefit of single mothers and their children. Again, Fellow Jack Cottrell with the Speworay Foundation has returned with a medical and dental group to Port au Prince, Haiti. Finally, Fellow Aaron Kim of Cross Church charity was able to send his delayed 2016 mission to Village of Hope in Zimbabwe, Africa this past July 2017.

So our Fellows can see that the nearly $40,000 in charitable funds, which was distributed by the Spence ICD FOUNDATION to the past applicants was put to very good use. It is hoped that this year’s donations will be put to equally successful projects.

ANNUAL REPORT OF THE
STUDENT AWARD COMMITTEE 2017

The following is a list of the Student Award recipients from the ten Dental Schools across Canada.

This award is given as these students begin their fourth year of dental school. The award consists of a plaque and a certificate with the student’s name on it as well as a cheque for $1000.00.

I would like to thank those Fellows who have made attempts to attend awards ceremonies where the ICD award has been presented. Photos of the presentation are much appreciated.

ICD Newsletter Spring 2018
**DISTRICT 1 BRITISH COLUMBIA**

by Regent Ed O’Brien

BC Life Fellow Fred Weinstein passed away on October 15, 2017. Fred was one of the first formally trained and licenced Endodontists in BC. Please see the write up under news at icd-canada.org.

Fellow Marcia Boyd CM was named the recipient of the Canadian Dental Association Medal of Honour conferred upon a dentist in recognition of a lifetime of outstanding service and professional achievement to the benefit of the dental profession, the dental community and society at large.

Fellow Marty Braverman was recognized by the American College of Dentists with Fellowship in 2017.

Congratulations to the twelve new BC Fellows who were inducted in Toronto at the annual convocation: Fellows Janis Boyd, Josephine Chung, Joan Eaton, Alex Hird, Allan Hovan, Leety Huang, Nazeem Kanani, Norman King, Anthony Li, Bill Rosebush, Michael Thomas and Phoebe Tsang.

The Board of Regents approved three new BC Deputy Regents: Fellows Peter Lobb (Victoria), Anne Starr (Castlegar) and David Ciriani (Kamloops).

The annual breakfast held in conjunction with the Pacific Dental Conference (PDC) drew a record 33 BC Fellows and several Fellows from other provinces. Fellow Bruce Ward chairs the PDC organizing committee with Fellows Peter Kearney, Tony Gill, Nazeem Kanani and Ray Fong serving as members.

Fellow David Tobias was recognized by the BC College of Dental Surgeons with a Distinguished Service Award and Fellow Ben Balevi with an Award of Merit. The British Columbia Dental Association recognized Fellow Ed O’Brien with the Honorary Member Award, Fellows Anne Starr and Diane Kjorven were recognized with Distinguished Service Awards and Fellow Peter Lobb was recognized with the President’s Award. Rick Tabata, who will become a Fellow in 2018, was recognized with a Merit Award.

The Semiahmoo Dental Outreach team, held two missions in 2017. Both had support from the Spence Foundation.

For the first time, they ventured to the city of Kakamega in the Western Province of Kenya. Of the nine Dentists on the team there were a number of ICD Fellows: Fellows Les Ennis, Ken Stones, David Larsen, Janis Boyd, and Joan Eaton, and two 2018 candidates for Fellowship: Nancy Vertel and Melanie Mattson. They also had five 3rd year UBC dental students.

The team also held its eighth annual dental clinic in Siquijor, Philippines. Of the seven dentists on the team were three ICD Fellows: Fellows Ken Stones, Joan Eaton and Janis Boyd. Please check out the report and photos on our web site under news.

Fellow Harinder (Harry) Dhanju organized a day long free Oral Cancer Screening Camp in his office that saw almost 400 people, primarily from the South Asian community.

Fellow Chuck Shuler has just completed two terms as Dean at UBC. He will be staying on as a Full Professor.

The *Journal of Dental Education* compiles a list of the top ten articles from the previous year. The 2017 list included one by UBC Dentistry with lead author Fellow Leandra Best.

Fellows serve on the BC College of Dental Surgeons. Fellow Don Anderson is serving as President, Fellow Susan Chow as Vice President, Fellow Patricia Hunter as Treasurer and Fellow Andrea Esteves as Board Member. In addition to the Board many Fellows sit on College committees: Fellows Peter Lobb, Susan Chow, Marty Braverman, Patricia Hunter, Brian Wong, Michael Wainwright, Bill Rosebush, Leety Huang, Josephine Chung, Alex Lieblitch, John Hung, Ash Varma, Myrna Halpenny, Don Anderson, Peter Stevenson-Moore, Andrea Esteves, Alex Hird and Richard Wilczek.

Fellows serve on the BC Dental Association. The Board has three members who have accepted the invitation and are candidates to become Fellows in 2018: KK Wan, President, Raymon Grewal, President-elect and Samson Ng as a Member. Deputy Regent Fellow Anne Starr is a member of the board. Many Fellows serve on committees of the association: Fellows David Baird, Bill Riddell, David Ciriani, David Zaperinuk, Bob Staschuk, Peter Kearney, Angelique Leung, Anne Starr, Ann Doyal, Anne Muirhead, Ed O’Brien, Rick Hallett, Alistair Nicoll, Ed Puttnins, Bruce Ward, Peter Lobb, Richard Wilczek, Peter Stevenson-Moore, Phoebe Tsang and 2018 candidates: KK Wan, Samson Ng and Raymon Grewal.

Fellow Ron Markey retired from practice and as Chair of the CDA.

**DISTRICT 2 ALBERTA**

By Regent Pauline Harrison

2017 was a busy year for a lot of our ICD Canada Fellows. It is great to see how so many give back to their global and local communities. I am still busy volunteering at the Calgary food bank twice a week and Chairing the Alberta Dental Association and College (ADA+C) Confidential Assistance Program. I attended the ICD convocation and meetings in Toronto. What a great event. Life is busy with travel, family and friends, just the way I like it.

David McLeod is a ADA+C Hearing Tribunal member and in February 2018 is off with Kindness in Action to Chisec, Guatemala to provide dental services in this remote, underserviced area.

Daryl Penner and his wife Kim are off on another dental volunteer trip. They do at least one a year. This time they are heading to Nicaragua in February with Dentistry for All. There will be 10 volunteers including two University of Alberta Dental students.

Cliff Swanson is the current president of ICD Canada. He just finished his tenure as president of the Canadian Dental Regulatory Authorities Federation (CDRAF). Cliff had his first solo art show in Winnipeg in September 2017 and it was a great success. He is looking forward to seeing you in Charlottetown at the ICD Convocation.

Bob Huff is working in private practice two days a week. He is still involved in committee work for the Alberta Dental Association and College. In 2018 Bob is off to Guatemala to do a dental mission with Kindness in Action.

Tobin Doty is finishing up as past president of the ADA+C. He is in his second year as the Alberta representative of the CDA Board of Directors and is the Alberta representative on CDPSI.

Carol Martin (Vice-Regent) was invited to Rideau Hall for a ceremony to make one of her Tartan designs. Tartan and logo sales went well at the ICD Canada in Toronto reception, with over $2100 donated to the William J Spence Memorial Foundation.

Former Canadian section ICD President Glen Zenith is active as a part time clinical instructor at the University of Alberta. He is an invigilator for the NDEB and is also active on committee work.
at the Alberta Dental Association and College.

Gayle Mabey enjoys organizing a senior Golf Tournament every Tuesday at the Athabasca Golf and Country Club.

As his role as Director of Operations at Dentistry for All continues to expand, Brad Krusky reports, “We have secured the majority of the funding required to acquire new land and a building at one of our community clinic sites in Guatemala, in the Peten region. This will add to another community clinic site we operate in the San Marcos region of Guatemala, which currently operates with volunteer dentists as well as a student in the externship program.” Anyone interested in volunteering should contact him at info@dentistryforall.org.

In July 2017 Larry Stanlely wrote and passed the Fellowship examination with the Academy of General Dentistry and received his FAGD at their annual meeting in New Orleans in June, 2018.

Currently, Robert Barsky is a Parliamentarian for the Canadian Academy of Pediatric Dentistry, the Acting President of the Alberta Academy of Pediatric Dentistry and President of Calgary B’nai Brith Lodge 816.

Doug Lobb attended his fourth Society for Intravenous Anesthesia, held in the Royal Society of Medicine in London, UK (SIVA-UK), on November 28, 29, 2017. SIVA-UK is one of the most active and prestigious societies worldwide dedicated to intravenous anesthesia and sedation for adult and children.

The Board of Regents elected Fellow Gordon Thompson, Registrar and Treasurer of the International College of Dentists (Canadian Section). He will assume the role immediately following the 2018 Annual Meeting in August in Charlottetown, PEI.

Geoffrey Sperber delivered the inaugural Geoffrey H. Sperber Lecture at the International Cranial Biology Research Symposium during the Centenary of the U of A School of Dentistry. As usual he delivered many lectures and publications through out the year. The School of Dentistry has opened a “G.H. Sperber Dental Museum” display at the University’s Edmonton Clinic Health Academy Building.

Neville Headley keeps busy with a full time dental practice as well as volunteering at two other clinics.

Larry Hodinsky continues to reside and practise general dentistry in St. Paul, Alberta. He has a new role on the National Examining Board as an invigilator and still performs some committee work for the Alberta Dental Association and College.

In 2017 Randall Croutze completed his term as CDA president and has transitioned into his role as CEO/Registrar of the ADA+C.

DISTRIBUTION SASKATCHEWAN

From Regent Maureen LeFebvre

2017 has been a busy year both professionally and personally. I continue to practice dentistry full time, sit as a representative for the CDSS on two CDA committees: Access to Care Committee and Trust and Value Committee. I also am the clinical coordinator for Special Smiles with Saskatchewan Special Olympics.

We are planning a family trip to PEI for ICD to which we are all looking forward. Regina hopes to host ICD in 2019 in conjunction with the CDA National Conference and looks forward to welcoming everyone back to Saskatchewan for some prairie hospitality.

From Deputy Regent Dr. Bill Moyer

I continue to serve on the Professional Conduct Committee with the CDSS as well as volunteer on the board for fundraising events.

From ICD President Elect Dr. Patti Grassick

I continue to practice in Lumsden, SK, though, if all goes well, I will have someone who will take over my practice in a couple of months. I hope to see everyone in PEI in August.

DISTRIBUTION MANITOBA

by Regent Heinz Scheele

At the Annual ICD Induction Ceremony held in Toronto in May 2017 we welcomed three new Fellows: Fellow Roberta Kravat, Fellow Jack Bassey and Fellow Laurence Lau. We continue to lead a humanitarian dental mission to Peru each year with dental students.

At the meeting in Toronto, Life Fellow and Registrar Bob Baker was made a Master Fellow of the ICD. Bob has made a huge contribution to the ICD and is most worthy of this recognition. He will be stepping down as Registrar after the Meeting in Charlottetown in August 2018. Manitoba Fellows are proud of the leadership and contribution he has made to the ICD over the years.

In May 2017 we held our Annual Black Tie Dinner at the St. Charles Golf and Country Club. We had over 75 Fellows and guests attending. We honoured our ICD Student Award winner

Christopher Ward. He completed his undergraduate dental degree in 2017. He is presently in the Oral Surgery Intern Program at the Health Sciences Centre. For the upcoming year he has been accepted into the Post Graduate Oral and Maxillofacial Surgery Program at the University of Toronto.

Deputy Regent Fellow Joan Bodnar received the prestigious Alumni of Distinction Award from the U of M Alumni Association. It recognized her many years and ongoing service to the Profession in Manitoba. She is a Manitoba Dental Association Past President, has been a member of many committees and currently is the principal investigator for the Peer Review Committee. Congratulations Joan!

Fellow Joel Antel is the Manitoba representative on the CDA Board of Directors. He also continues as the President of the Manitoba Dental Foundation.

Fellow Nancy Auyeung continues as the Manitoba representative to the Canadian Dental Regulatory Authority Federation. She is a member of the Manitoba Dental Foundation Gala organizing committee. She is an invigilator and examiner for the NDEB and a part time instructor at the College of Dentistry.

Life Fellow and National Treasurer Allan Baker is stepping down from his position after the Charlottetown meeting this summer. He has made a significant contribution to the ICD.

Fellow Noriko Boorberg received an Award for Outstanding Teaching to Dentistry 1 students at the College Awards Night. She continues her extensive involvement with the NDEB and continues to lead a humanitarian dental mission to Peru each year with dental students.

Fellow Tom Breneman is the Manitoba Saskatchewan Representative for Tier Three Brokerage.

Fellow Jim Bonar continues as a member of the CDSPI Board.

Fellow Chris Cottick has been elected to the Board of the Manitoba Dental Association. He continues as Head of Hospital Dentistry at the Health Sciences Centre.

Fellow Peter Doig is the Manitoba representative for ROI Corp and does some lecturing on behalf of CDSPI.

Fellow Betty Dunsmore is the Co-Chair of the Manitoba Dental Association Mentorship Committee and a member of the Manitoba Dental Foundation Board of Directors.
Fellow Craig Fedorowich is a member of the Manitoba Dental Foundation Board of Directors. Fellow Anthony Iacopino’s term as Dean of the College of Dentistry is ending this year. He is taking a one year administrative leave and then returning to teach and do research at the College. He will become the Director off the International Centre for Oral Systemic Health.

Fellow Aaron Kim led a humanitarian dental mission to Zimbabwe this summer. He received some funding from The William Spence Foundation for this project. He is an Associate Dean at the College.

Fellow Patti Ling was recently appointed Registrar of the Manitoba Dental Association.

Fellow Sandy Mutchmor became Vice President of the Canadian Dental Association.

Life Fellow Marshall Peikoff recently retired from dental practice.

Fellow Igor Pesun is the Head of the Division of Prosthodontics and Director of the newly created Graduate Prosthodontics Program at the College of Dentistry. He is also a reviewer for five different dental journals and an examiner for the Royal College of Dentists of Canada in Prosthodontics.

Fellow John Perry received an Award for Outstanding Teaching to Dentistry 2 students at the College Awards Night.

Fellow Trenna Reeve has been appointed the Associate Head of the Restorative Department and Head of the General Practice Division. Provincially she assists the Medical Examiner’s Office for forensic odontology support. She is an evaluator for the NDEB.

Fellow Amarjit Riial is the on the executive of the NDEB and chairs the by-law committee. He continues his work with the Commission on Dental Accreditation of Canada and was recently re-elected as Chair. He has given lectures both locally and internationally on implants and CAD/CAM dentistry.

Fellow Carmine Scarpino is the Past President of the Winnipeg Dental Society.

Fellows Don Davidson, Tony Hayward and Kardy Solmundson became Life Members this past year. Past Canadian Section President Fellow Gene Solmundson has become a Life Member this year.

Fellow Cory Sul is the Manitoba Dental Association President in 2018.

Fellow Mike Sullivan is the Manitoba voting Representative to CDSPI. He is on the Board of Directors of the Manitoba Dental Foundation. At the Canadian Dental Association he is a member of the NIHB Technical Working Group and the CDA Advisory Committee.

Fellow Marcel Van Woensel is the chairperson of the Constitution and By-Laws Committee of the Canadian Section of the ICD.

District 4 is further represented nationally by Life Fellow Bill Christie as chairperson and Life Fellow Brock Love as treasurer of the William Spence Foundation.

**DISTRICT 5 ONTARIO**

*by Regent Peter DeGiacomo*

The most noteworthy event for ICD in District 5 was the passing of our Section II Registrar Emeritus, Master Fellow Fil Cappa. Fil was the friendly face of ICD Section II for so long that most present Fellows cannot remember our ICD without the steady leadership of Fil Cappa. Our Section and ICD as a whole has lost a truly outstanding mentor and model.

In other news, Fellow Drew Smith was elected Section II Vice President at our annual Board meeting in Toronto. That left an opening in the District 5 Regent position which has been filled by Fellow Peter DeGiacomo. Two new faces have joined our Regency team in District 5. Fellow Paul Romanson and Fellow Lisa Bentley have joined Fellow Arlene Dagys as Deputy Regents for our District. At the Toronto Convocation, Fellow John O’Keefe was presented with the Presidential Citation and CDA Executive Director Claude Paul Boivin was granted Honourary Fellowship.

Deputy Regent Arlene Dagys received the Manley G. Badner Memorial Award from the University of Toronto, Faculty of Dentistry. This is given annually recognizing teaching excellence if the Department of Graduate Orthodontics.

The Canadian Dental Association President this term is Fellow Larry Levin who is joined on the CDA Board of Directors by Fellow Lynn Tomkins representing Ontario. CDA Distinguished Service Awards were bestowed on Fellows Don Freidlander, John O’Keefe and Benoit Soucy.

ICD is well represented in Ontario Dental Association governance. Fellow LouAnn Visconti has assumed the role of ODA President, taking over from Fellow Jack McLister who now serves as ODA Past President on their Board. Fellow Kim Hansen is the new line officer assuming the role of ODA Vice President with Fellow David Stevenson serving as President Elect. Also serving on the ODA Board are Fellows Lisa Bentley, John Glenny, Leslie Hapak, Bill Hawrysh, Grace Lee, Roch St. Aubin, Andy Syriopoulos, and Don Young.

The ODA’s Honours and Awards Committee recognized many ICD Fellows in 2017 for their outstanding contribution to our profession. Fellow Jack Cottrell was presented with the ODA’s highest award (Honourary Membership). The ODA Service Award was given to Fellow Raffy Choulijan. Merit Awards went to Fellows Frank Lee and James Clement. The Presidential Citation was awarded to Fellow Michael Shimizu and the Community Service Award went to Fellow Sahza Hatibovic-Kofman. ODA chairman plaques were presented to Fellows Don Young and Mel Charendoff.

In 2017 Fellow Jim Shousenberg authored the comprehensive and acclaimed book chronicling the ODA’s 150 year history to coincide with the Canada 150 celebrations.

The Royal College of Dental Surgeons of Ontario Council is well served by Fellows Elizabeth MacSwee and Flavio Turceth.

The Western University School of Dentistry Alumnus of Distinction Award was presented to Fellow Paul Romanson in 2017.

**DISTRICT 6 QUEBEC**

*By Regent Jay McMullan*

Firstly, I would like to wish our president, Clif Swanland and our executives the best of luck in 2018.

Our membership has had a very active year. Joe Rotundo has completed his term as the Chair of the ACD, where Herb Borsuk continues as the historian.

Several of our members including Joe Rotundo, David Blair as well as myself are working diligently on the upcoming Canadian Academy of Restorative Dentists and Prosthodontists conference to be held in Montreal in September this year.

Dr Ken Bentley is being honoured by the Montreal Dental Study Club with the Dr John Vincelli Award for his lifetime dedication to dentistry both academically and as a practitioner.

On a sad note I have need to mention the passing of two long time members; Drs Robert Faith and Paul Guilebeault.

And in closing a special congratulations goes out to the recipients of our student awards. Gabriel Oliel of the Université de Montréal and Mylene Gagnon of Université Laval.
DISTRICT 7 ATLANTIC CANADA

By Regent Eric Hatfield

District 7 welcomes New Fellows Drs. Louise MacLeod of North Sydney NS, Russell MacSween and Tamara Wright, both of Halifax, NS, who were inducted in Toronto, May 6, 2017.

Fellow Chris Baker is concluding his term as chair of the Provincial Dental Board of Nova Scotia.

Fellow Reginald Gooday, along with his co-authors, have been awarded the Oral and Maxillofacial Surgery Foundation’s Daniel M. Laskin Award, for the most outstanding article published in the Journal of Oral and Maxillofacial Surgery.

Fellow Kathy Russell received the 2017 Samuel Berkowitz Long-Term Outcomes Study Award for her paper, “A multi-centre study using the SWAG scale to compare secondary alveolar bone graft outcomes for patients with cleft lip and palate”.

Fellow Marcia Boyd received the Canadian Dental Association’s Medal of Honour in April 2017. The is CDA’s highest recognition and kudos to Fellow Boyd. Well deserved!

Congratulations as well to Fellow Ross Anderson, who received the Nova Scotia Dental Association’s Award of Excellence in June 2017. Dr. Anderson is retiring from his position as Head of the Division of Paediatric Dentistry at Dalhousie University. Dr. Anderson is also retiring from his position as Chief of Dentistry at the IWK Health Centre in Halifax. Thank you Dr. Anderson for your long standing commitment to dental education and children’s oral health in Atlantic Canada.

Fellow Tom Boran received the Nova Scotia Dental Association’s P.S. Christie Award for Distinguished Service in June 2017. Dr. Boran is retiring from his position as Dean of the Faculty of Dentistry at Dalhousie University. In appreciation, the Faculty has created the Tom Boran Outreach Support Fund. District 7 thanks Dr. Boran for his excellent service and wish him all the best in his retirement.

In March 2017, Fellows Sandy Whyte, Louise MacLeod and Past President Ian Doyle, along with other staff and family members, and two recent graduates from Trujillo University Dental School, took part in a six day Dental Mission in the Barrio of Libertatores, in Trujillo. Over 150 children and adults were treated during this time despite extensive flooding in the area. Some of the equipment used on this mission was made possible through donations from ICD. The ICD flag was proudly flown and was a popular photo site.

Finally, District 7 welcomes everyone to this year’s Annual Meeting and Convocation Ceremony, hosted by Fellow Brian Barrett, in beautiful Charlottetown, PEI. Sure to be a great time!

In Memoriam

Master Fellow

C. Filip Cappa

D.D.S., M.I.C.D., O.M.C.

(1927-2017)

Dr. Filip Cappa was born in St. Marys, Ontario in 1927 and graduated from the University of Western Ontario in 1950 with a B.A. (General Science) and later received his D.D.S. from the University of Toronto in 1955. He practiced General Dentistry in Byron, Ontario from 1955-1994. During this time, Dr. Cappa also served as Staff Dentist (half time) at Beck Memorial Sanitorium (1955-56), Victoria Hospital Out-Patient Clinic (half-time, 1961-66) and as a Clinical Instructor at the University of Western Ontario (1966-73). In 1978, he volunteered for 10 days at the FISH Clinic in Kingston, Jamaica.

Dr. Cappa served Dentistry at the ODA as a member of the Dental Public Health Committee (1962-66), Editor of Ontario Dental (1970-72) and as a member of the Honours and Awards Committee (2003-2009).

Dr. Cappa was active in his local London and District Dental Society (L&DDS), the American Society of Preventive Dentistry, the Canadian Amateur Diving Association, the Oakridge Masonic Lodge and London Mocha Temple Shrine. He was also a dedicated and talented musician, playing the tuba in a number of bands right up to his last years. Fil and his wife, Dianne loved to travel and visited 47 countries around the globe.

Dr. Cappa was inducted into the Canadian Section of the International College of Dentists in 1982, serving as Editor (1995-2011) and Registrar (1996-2009). In 2000, his outstanding contributions to the ICD were recognized when the prestigious status of Master Fellow was conferred on him. He was also recognized as Honourary Registrar on his retirement from office. From 2002-2005, he was an International Councilman representing Canada. From 2003-2012, he served as Treasurer of the William J. Spence ICD Memorial Foundation. Through his wise and gentle advice, he mentored a whole generation of leaders of the Canadian Section as well as encouraging those who went on to serve on the International Council.

Dr. Cappa received many honours and awards for his service to both Dentistry and to Society at large:

- Ontario Special Award for Amateur Sport, 1977 (presented by Premier Wm. Davis)
- Ontario Medal for Good Citizenship, 1994 (presented by Lt. Governor H. Jackman)
- Paul Harris Fellow of Rotary International, 1970
- ODA Service Award, 2000
- L&DDS, Robert A. Brandon Service Award, 2005
- L&DDS Honourary Membership, 2012
- University of Toronto, Faculty of Dentistry Award of Distinction, 2012

To those who knew Fil and his contributions to his profession and to society, the loss will be felt keenly. He served with great distinction and dedication. Our deepest condolences go to his wife of 62 years, Dianne his children Gina, Barb and Paul and their families.
Since his appointment as Executive Director of the Canadian Dental Association in 2008, Claude Paul Boivin has taken every opportunity to promote the dental profession within and outside the oral health community. His appointment as Honorary Colonel of 1 Dental Unit of the Royal Canadian Dental Corps placed him in a unique position to further strengthen the collaboration between the Corps and the dental profession. Claude Paul has given the dental profession enhanced visibility in a number of national non-dental organizations in which he has held leadership positions, such as the Canadian Society of Association Executives, the Government Relations Institute of Canada and the Alumni of the International Development Research Centre.

Fellow John O’Keefe is the CDA Director of Knowledge Networks, where his responsibilities include overseeing the Oasis Discussions website, CDA Essentials magazine and JCDA.ca. He is passionate about harnessing new communication technologies to facilitate a strong sense of community in the dental profession.

He is a member of the ICD Canadian Section’s Strategic Planning Committee, the Canadian Institute for Health Research’s Partnerships and Knowledge Translation Committee, and the AboutFace Board where he is Chair-Elect. AboutFace is an advocacy group for persons with facial difference. He is also Chair of the Board for the Organization for Safety, Asepsis and Prevention. Dr. O’Keefe holds Honorary Fellowships granted by numerous dental bodies.
Honorary Fellow Claude Paul Boivin addresses Convocation

President Doyle administers the Oath to Louise MacLeod

President Ian Doyle passes the Chain of Office to Cliff Swanlund

President Ian Doyle presents Master Fellowship to Registrar Life Fellow Bob Baker

Presidential Citation recipient Fellow John O’Keefe addresses Convocation

Secretary General Jack Hinterman addresses Convocation
